Frequently asked questions about Breakthrough Santa Fe

What is Breakthrough?

Breakthrough is a six-year academic enrichment program for highly motivated middle school students from Santa Fe Public Schools. Breakthrough students work hard, develop leadership skills, and have fun in the process. Designed to help students excel academically and socially, the program prepares and encourages its students to enter and succeed in competitive college preparatory classes in high school. Breakthrough students are college-bound!

During their six years at Breakthrough Santa Fe, students will participate in:

- Six-week summer sessions held at Santa Fe Prep during middle school
- One to two-week summer sessions at Santa Fe Prep during high school
- Super Saturday sessions during 7th through 10th grades
- Field trips and other enrichment opportunities.
- One-on-one college counseling

You are NOT alone! Breakthrough is located in the following cities across the U.S.!

Atlanta	Fort Worth	New Orleans	Sacramento
Austin	Hong Kong	New York	San Francisco
Birmingham	Houston	Norfolk	San Juan Capistrano
Boston	Manchester	Philadelphia	Santa Fe
Cincinnati	Miami	Pittsburgh	Silicon Valley
Denver	Minneapolis	Providence	St. Paul

Who are the students?

Students just like you! Breakthrough students come from many different backgrounds. They all share a love of learning and want to go to college. Breakthrough students strive to do their best and are always open to new ideas and experiences.

Who are the teachers?

Teachers who are only three to ten years older than you! All of the teachers are talented high school and college students. They work long hours to make learning exciting, challenging, and rewarding. Our teachers are special because they possess a love of learning and a desire to share their time and ideas with younger students. They teach all classes and lead all activities. Imagine learning math and English with eighteen-year-old teachers!

What are classes like?

Core classes have no more than 6 students per class; therefore students receive a great deal of individual attention. Students take 4 courses: Reading, Writing, Science, Math, and two academic electives (i.e. journalism, mythology, Japanese). These classes prepare students for challenging middle and high school courses.

What about homework, tests, and grades?

Homework and tests are essential to learning. **Breakthrough students complete TWO - THREE hours of homework a night during the summer program.** The teachers design assignments and tests that are thought provoking. Teachers may grade assignments, but there are no final grades. Instead, students receive written evaluations from their academic teachers. Mandatory parent conferences are also scheduled during the summer.

Are we in class all day?

No! In the afternoon, students have an opportunity to choose new activities or to do ones they already love. There are also exciting field trips and special events every Friday!

Who gets accepted into Breakthrough?

Admission to Breakthrough will be selective. The goal of the admissions committee is to select a class of committed and motivated students who are economically and ethnically diverse. There is no specific quota per public school. **Space will be limited to 36 students.** You should not be upset if you do not get a space; instead be proud that you took the risk to apply.

Acceptance letters will be sent out by Friday, April 12, 2019.

What type of student applies to Breakthrough?

Students **currently in the 6th grade** are eligible to apply. Students who exercise good behavior, want to earn good grades, have a strong desire to learn, and want to enroll in college preparatory classes are encouraged to apply. Breakthrough students are willing to make a commitment to their education. They love learning and new challenges.

What will it cost?

Breakthrough is a **free** academic year-round educational program. **All Breakthrough costs you is hard work, good behavior, and attendance.**

What is the commitment?

You and your family **must agree** that, if you are accepted, other activities will be scheduled around the dates of the program. **Attendance is required every day during the summer program.** Also, **you will be expected to attend our school year programs:** Saturday events during 7th – 10th grade, tutoring if necessary, and special events by grade throughout the school year.

How should I fill out the application?

Your application should be handwritten and legible. You must complete the student pages by yourself; your parents have their own pages to complete. However, you should feel free to get help from your teachers/mentors. You are also required to have your teachers fill out the recommendation form, and make sure we get your grades and test scores from your school.

Is transportation provided?

Yes. A bus will pick you up at various elementary schools in the morning and return you there in the afternoon. During the school year, parents share the responsibility of transporting their student

Complete this application neatly by hand!
